D-Link®
Building Networks for People

Product Highlights

Great Speed and Coverage

Share your Internet connection with your wired and wireless devices with fast wireless speeds and range to reach more places throughout your home

Flexible and Versatile

Functions both as a conventional router or a wireless repeater to extend an existing network

Easy to Set Up

Get up and running in no time with a web-based setup wizard that walks you through the configuration process

DIR-615
Wireless N 300 Router

Features

Connectivity

- 10/100 Internet port to connect to broadband Internet with high transfer speeds
- Four 10/100 LAN ports to connect wired devices for high-speed online activities
- Wireless N technology for increased speed and range, plus Repeater Mode to extend the reach of your existing wireless network

Security Features

- NAT Firewall helps block unwanted connections
- Wi-Fi Protected Setup (WPS) to quickly add devices to your network
- WPA/WPA2 encryption to help prevent unauthorized access and snooping on your wireless network

Ease of Use

- Web browser-based setup and configuration
- Setup wizard to guide you through the configuration process

The DIR-615 Wireless N 300 Router is an attractive, high-performance router that makes it easy to share your broadband Internet connection with all your devices. Simply connect it to your broadband modem, then use the web-based Setup wizard to guide you step-by-step through the configuration process. Whether you're surfing the web on your desktop or relaxing on the couch with your laptop, the DIR-615 keeps you connected wherever you are in your home.

A Fast and Reliable Home Network

The DIR-615 creates a high-speed home network with wireless speeds of up to 300 Mbps[1] for fast file transfers, seamless web surfing, and smooth online gaming. The external antennas increase your wireless network's coverage so you can avoid "dead spots" and get a reliable connection in more places throughout your home. The DIR-615 also has Repeater Mode, which allows you to extend the range of your existing wireless network, allowing you to reach the farthest corners of your home or small office.
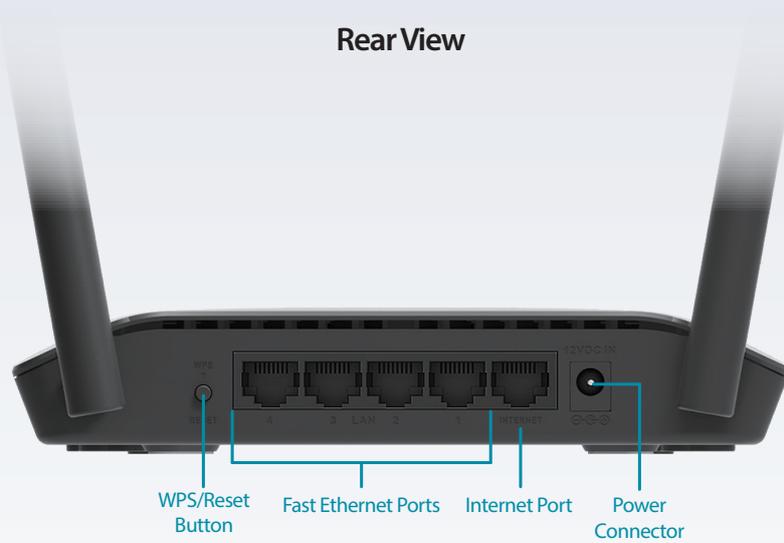

Flexible Connectivity for Your Devices

The DIR-615 keeps you connected, no matter whether you're using a desktop or laptop PC, a smartphone, or a tablet. Four 10/100 Fast Ethernet ports provide fast and reliable connectivity for your wired devices, while Wireless N 300 lets you connect all your wireless devices throughout your home. Get some work done on your desktop, play online with your game console, or check out online videos on your smartphone - the Wireless N 300 Router lets you access the Internet with all your devices.

Easy to Set Up

Sharing your Internet connection doesn't have to be a complicated process - just open a web browser to access the Setup wizard and follow the easy step-by-step instructions to get started. Create an encrypted network in seconds using WPS, which instantly creates a connection to a new device without the need to enter settings or create passwords.

Technical Specifications

General

Device Interfaces	• Wireless N 300 • Four 10/100 LAN ports	• 10/100 WAN (Internet) port
Antenna	• 5dBi External Antenna	
Standards	• IEEE 802.11n/g/b • IEEE 802.3	• IEEE 802.3u • IEEE 802.3x
LEDs	• Power LED • WLAN LED	• Internet LED
Minimum System Requirements	• Windows, Macintosh, or Linux-based operating system • Microsoft Internet Explorer 10 or higher, Firefox 28 or higher, or Chrome 28 or higher	• Network Interface Card • Cable or DSL Modem • Subscription with an Internet Service Provider

Functionality

Wireless Encryption	• WPA & WPA2 (Wi-Fi Protected Access)	• Wi-Fi Protected Setup (WPS)
Advanced Features	• Web Setup wizard • UPnP support	• Active Firewall - Network Address Translation (NAT) • Repeater Mode

Physical

Dimensions (L x W x H)	• 173.76 x 128.25 x 32.86 mm (6.89 x 5.9 x 1.22 in)	
Weight	• 215 g (7.58 ounces)	
Power	• Input: 100 to 240 V AC, 50/60 Hz	• Output: 12 V 0.5 A
Temperature	• Operating: 0 to 40 ℃ (32 to 104 ℉)	• Storage: -20 to 65 ℃ (-4 to 149 ℉)
Humidity	• Operating: 10% to 90% non-condensing	• Storage: 5% to 95% non-condensing
Certifications	• CE • FCC	• Wi-Fi Certified

Order Information	
Part Number	*Description*
DIR-615	Wireless N 300 Router

[1] Maximum wireless signal rate derived from IEEE Standard 802.11n, 802.11g, and 802.11b specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors will adversely affect wireless signal range. Wireless range and speed rates are D-Link relative performance measurements based on the wireless range and speed rates of a standard Wireless G product from D-Link. Maximum throughput based on D-Link 802.11n devices.
